[Shri V. R. Krishna Iyer]

the disturbed area and he is also going to that particular place Vadanapally with some Hindu Leaders and more Muslim Leaders to see what he could do. The Superintendent of Police saw Shri Kelappan and Shri Bafaqi Tangal yesterday, so that in case of any agreed solution suitable executive action could be taken. Shri Kelappan who has come for this purpose is at Trichur today, and I have asked the D. S. P. to contact both the Leaders and to proceed to the disturbed area and to make proper police deployments to see that those break the law do not get away with it at a premium. So, on the popular side, the Muslim Leaders and the Sarvodaya Leader and the other people interested in the Malabar area have all come down and they are moving into this disturbed area, and on the police side, as I said, effective precautionary and prosecution measures have been taken. The situation is not so tense as to create any panic for us. Nevertheless it is an unfortunate situation. We have, in Kerala, an unfortunate trend to fan up communalism. But I hope this will not swell into a conflagration. With the valuable services rendered by the Government Officers, the Leaders of the various political parties, Leaders of the two communities and Leaders above communities — all of them attempting ardently—it is hoped to bring about a peaceful atmosphere in that area. That is all I have to say by way of factual information.

Further discussion into the details, as to how many Hindus and how many Muslims were involved, would aggravate the situation and I request the House to desist from pursuing the matter.

Mr Speaker: In view of the statement of the Minister which covers the subject matter of the adjournment motion also, I do not give my consent to the adjournment motion.
